

# Hot Desks

at The Old Library

---

Hot desks at The Old Library provide a place for you to think, focus and get down to business. Set within a beautiful heritage building, our historic upper-floor gallery features ten brand new hot desks with fast wi-fi access and power points for your personal devices.

This light and airy space gives you a private place to work, as well as opportunities to enjoy our café as an informal meeting space, meet like-minded people and access Lister Steps' business support services. Our hot desks give you all the makings of a permanent work space without the commitment or cost of a long-term tenancy.

---

**Available Monday-Friday between 7.30am - 6pm, we offer ad-hoc hourly rates, or packages including added benefits! All of our hot desks include access to wi-fi and power points for your personal devices as standard.**
